Duerst Farm Retirement

7313 SCHALLER ROAD
Verona, Wisconsin

AUCTIONEER'S NOTE:

Tom and Mike have been farming together for 44 years. They have farmed the 4th generation century farm that has been in the family for over 120 years. Most of their 44 years were in dairy and row crop. They sold the dairy cows in 2014 and bought feeder cattle and fattened them up. The last of the cattle left the farm in January of 2024, and they are now retiring and selling their farm equipment. This is an excellent opportunity to purchase well cared for row crop and livestock equipment.
