Product Fitment Notes

Long Block; Remanufactured

Product Details

Your remanufactured engine is tested in several specific ways after being assembled. Multiple Pressure tests. Each component is carefully checked after being cleaned to see if cracks or other defects exist in the casting. After being assembled, we pressurize the water jacket with 30 Lbs. of air pressure. As a result of these tests, you can be sure your unit will not have coolant leaks. SIM test, After pressure testing, our final check of engine performance is a spin test. We turn the engine at 400 RPM with oil pressure lines attached. The test measures compression on each cylinder, oil pressure, oil flow and allows an easy visual check that oil is reaching all critical areas. This test also allows the rear main seal to be checked for leaks. We produce most engines as long block assemblies that ship with a finishing gasket set and a new oil pump.

Product Attributes

Warranty: 12 Month Or 12,000 Mile Limited Warranty
New Or Remanufactured: Remanufactured
Number Of Cylinders: 8
Fuel Type: Diesel
Engine Size (L): 6.6 Liter
Engine Size (CI): 403 Cubic Inch
Block Material: Iron
Head Type: OHV
Head Material: Aluminum
Gasket Set Included: Yes
Carburetor Included: No
Throttle Body Included: No
Exhaust Manifold Included: No
Intake Manifold Included: No
Ignition Control Module Included: No
Spark Plug Wires Included: No
Spark Plugs Included: No
Thermostat Included: No
Timing Components Installed: Yes
Timing Belt Included: N/A
Timing Chain Included: No
Water Pump Included: No
Oil Pan Included: No
Oil Pan Material: N/A
Oil Dipstick Tube Included: No
Timing Cover Included: No

Valve Cover Included: No
Wiring Harness Included: No
Crankshaft Included: Yes

Brand Details

Power Torque engines are built to meet or exceed OE fit, form, and function. Each engine is complete and drop-in ready as a direct replacement for simple installation without the need for modification. Power Torque Engines are assembled with high-quality components to ensure peak performance and long service life. Our mission at Power Torque is to design, manufacture, and sell the highest quality engine and powertrain components in the automotive aftermarket. Customer satisfaction is our highest priority, and Power Torque products are used with confidence by professionals and do-it-yourselfers alike.
