Welcome

to our first-ever KKCC Spring Select Semen, Embryo & Cattle Sale!

2016 represents our family's 30th year in the cattle seedstock business.

We are pleased to present the opportunity to purchase semen and embryos from our front-pasture genetics.

Volume semen packages sell from our proven herdsires bred to add hybrid vigor in both commercial beef and dairy herds and optimize calving ease, carcass and maternal traits. Also in the offering is an exceptional Optimizer herd bull ready to go to work and a used semen tank treasure chest lot.

Please visit our website at www.kbarkcattle.com for more details on our herdsires, or call Dan at 612.916.6429 for more information, or Randy Kath at Steffes Group, 320.693.9371 or 701.429.8894
