

**TOTAL PROTECTION PLAN® WARRANTY****CENEX TOTAL PROTECTION PLAN® WARRANTY FOR NEW EQUIPMENT
RETAIN THIS LETTER FOR YOUR RECORDS**

Owner:	ROGER VAN VARK 320 - 180TH AVE OTLEY, IA 50214	Association:	TWO RIVERS COOP PO BOX 47 109 SOUTH ST PELLA, IA 50219-0047
TPP Plan No:	TPPNCC1414071006	Effective Date:	3/6/2014
Make:	Case-IH	Model:	400
Serial No:	ZDF138944	Fuel Type:	Diesel

This Cenex Total Protection Plan® Warranty applies to the
following components and coverage period:

- 10 years/10,000 hours* Superlube TMS® or Superlube 518®, Engine Coverage
- 10 years/10,000 hours* Ruby Fieldmaster® and Ruby Fieldmaster B2® or B5® pump with 5 years/5,000 hours Injector Coverage (available through authorized Ruby Fieldmaster® Distributors only)
- 10 years/10,000 hours* Qwiklift® HTB®, BioMax™ THF or Power Transmission Fluid, Transmission/Hydraulic/Final Drive Coverage
- 6 years/ 6,000 hours Maxtron® THF+, Qwiklift® HTB®, Maxtron® GL or MP Gear Lube, Differential/Hubs Coverage

Thank you for adding equipment to the Cenex Total Protection Plan® Warranty program!

Enclosed are valuable coupons.

Dear Roger Van Vark:

Congratulations on your enrollment in the Cenex Total Protection Plan® Warranty program. As a new program member, you understand the importance of protecting your valuable equipment investment with the best warranty program of its kind in agriculture. And you have the peace of mind that comes with using only Cenex brand lubricants and fuels, knowing that specific components in your equipment will be covered for the duration of your warranty term.

Unparalleled Program Benefits

You won't find a better way to protect your equipment investment than the Cenex Total Protection Plan[®] Warranty program. Your benefits include:

- Extended equipment coverage as outlined at the top of this letter
- No deductible for repair or replacement of a covered part or component
- No operator burden of proof for claims when warranty requirements have been met
- Transferable coverage to subsequent operators (except Stationary Agricultural Equipment)

Maintaining Your Warranty Protection

Maintaining your warranty benefits requires just a few simple steps, including:

- Performing regular maintenance procedures

Submitting a used engine oil sample from each oil change;

- Using only Cenex lubricants and fuels to maintain covered equipment
- Retaining proof of purchase for all Cenex lubricants and fuels used to maintain the covered equipment
- Avoiding actions that would void coverage, such as abuse or unauthorized product use

To help you remember these important warranty requirements, you'll receive periodic reminders and product news.

Please take a few minutes to familiarize yourself with the contents of this folder. Enclosed you will find:

- Complete program requirements and a copy of your application and contract
- A warranty sticker for labeling your covered equipment
- Instructions for sampling your oil and handy stick on identification labels to include with your Lubescan kit to insure accurate processing

For more information about the Cenex Total Protection Plan[®] program, talk to your local cooperative or call 1-866-863-0827.

Thank you for relying on Cenex lubricants and fuels.

Sincerely,

The Cenex Total Protection Plan[®] Team

CENEX TOTAL PROTECTION PLAN WARRANTY NEW EQUIPMENT — AGREEMENT OF RESPONSIBILITY

The Energy Division of CHS offers a Cenex Total Protection Plan™ Warranty Program (the "TPP Warranty" or "Warranty") for eligible operators of eligible new equipment ("Agricultural Equipment", "Stationary Agricultural Equipment" and Forestry Equipment as further described below). Eligible operators shall include individuals and entities that either own and operate, or lease and operate, such eligible new equipment (in either case referred to hereinafter as an "Operator").

APPLICATION

An Operator of eligible new Agricultural Equipment, Stationary Agricultural Equipment or Forestry Equipment that desires to obtain the TPP Warranty on a Component(s) of said equipment, must submit the following to a CHS authorized distributor from which Operator purchases the applicable lubricants and fuel products described below as "Covered Fluids":

(1) A New Equipment Warranty Application and Agreement of Responsibility (the "Application and Agreement") not later than:

- For **Agricultural Equipment**, the earlier of (a) 6 months following the date of acquisition of such new equipment, or (b) 400 hours after placing such new equipment in service.
- For **Stationary Agricultural Equipment**, the earlier of (a) 60 days following the date of acquisition of such new Stationary Agricultural Equipment, or (b) 750 hours after placing such new Stationary Agricultural Equipment in service.
- For **Forestry Equipment**, the earlier of (a) 6 months following the date of acquisition of such new equipment, or (b) 400 hours after placing such new equipment in service; and

(2) A check or money order in the amount of \$299 payable to CHS.

CHS RESERVES THE RIGHT, IN ITS SOLE DISCRETION, TO APPROVE OR DISAPPROVE ANY APPLICATION AND AGREEMENT SUBMITTED FOR APPROVAL. CHS will send the Operator a letter acknowledging receipt of application materials. If approved, then CHS will send throughout the warranty term other relevant communication as well as periodic valuable coupons for Covered Fluids and sample analysis kits.

APPROVAL PROCESS

Upon its receipt of an Operator's submitted Application and Agreement, CHS will review the Application and Agreement. If CHS approves the Application and Agreement, CHS will return to the Operator written notice of CHS' approval (the "Approval"). If CHS does not approve the Application and Agreement, Operator will receive written notice and a return of the \$299 application fee.

WARRANTY

Upon approval in writing of such Application and Agreement by CHS (as shown by return of the Approval to the Operator), CHS warrants to the Operator, for the term set forth in the "Warranty Term" column of the tables below (the "Warranty Term"), that the lubricant(s) and fuel product(s) set forth in the "Covered Fluid" column of the tables below (each a "Covered Fluid", collectively, the "Covered Fluids") are fit for the purpose for which they are ordinarily intended when used in the components set forth in the "Component" column of the tables below (each a "Component", collectively, the "Components") of new Agricultural Equipment, new Stationary Agricultural Equipment and new Forestry Equipment subject to all of the requirements and limitations contained herein. The Warranty Term shall begin on the date of acquisition of the eligible new Agricultural Equipment, Stationary Agricultural Equipment or Forestry Equipment and extend for the number of years or indicated or until the equipment has been in service for the number of hours so indicated, whichever occurs first.

AGRICULTURAL EQUIPMENT: TRACTORS (25+ HORSEPOWER) AND TELEHANDLERS

Component	Covered Fluid	Warranty Term
Diesel Engine	Maxtron® DEO or Maxtron® Enviro-EDGE® Superlube TMS® or Superlube 518®	10 yrs/10,000 hrs 9 yrs/9,000 hrs
Diesel Injection Pump*	Ruby Fieldmaster® and Ruby Fieldmaster B2® or Ruby Fieldmaster B5®	9 yrs/9,000 hrs
Diesel Injectors*	Ruby Fieldmaster® and Ruby Fieldmaster B2® or Ruby Fieldmaster B5®	5 yrs/5,000 hrs
Trans/Hyd/Final Drive	Maxtron® THF+ Qwikliff® HTB®, BioMax™ THF or Power Transmission Fluid	10 yrs/10,000 hrs 9 yrs/9,000 hrs
Hydrostats	Maxtron® THF+	10 yrs/10,000 hrs
Differential/ Hubs	Maxtron® THF+, Qwikliff® HTB®, Maxtron® GL or MP Gear Lube	6 yrs/6,000 hrs

*Cenex Total Protection Plan™ Warranty for these Components is available only through authorized Ruby Fieldmaster® Distributors.

AGRICULTURAL EQUIPMENT OTHER THAN TRACTORS AND TELEHANDLERS: COMBINES, HARVESTERS, SPRAYERS, MOWER CONDITIONERS, BALE WAGONS, HAY CRUISERS, SWATHERS, CROP CRUISERS, COTTON PICKERS/STRIppers AND WINDROWERS

Component	Covered Fluid	Warranty Term
Diesel Engine	Maxtron® DEO or Maxtron® Enviro-EDGE® Superlube TMS® or Superlube 518®	10 yrs/10,000 hrs 9 yrs/9,000 hrs
Diesel Injection Pump*	Ruby Fieldmaster® and Ruby Fieldmaster B2® or Ruby Fieldmaster B5®	9 yrs/9,000 hrs
Diesel Injectors*	Ruby Fieldmaster® and Ruby Fieldmaster B2® or Ruby Fieldmaster B5®	5 yrs/5,000 hrs

*Cenex Total Protection Plan™ Warranty for these Components is available only through authorized Ruby Fieldmaster® Distributors.

Note: The term of the Cenex Total Protection Plan Warranty for all Components of the above Agricultural Equipment (except Differential/Hubs and Diesel Injectors) will be extended to 10 years/10,000 hours if Operator uses exclusively both a lubricant product listed in the Covered Fluid column above and Ruby Fieldmaster® Premium Ag Diesel Fuel in such Agricultural Equipment.

STATIONARY AGRICULTURAL EQUIPMENT

Component	Covered Fluid	Warranty Term
Diesel Engine	Maxtron® DEO, Maxtron® Enviro-EDGE®, Superlube TMS® or Superlube 518®	4 yrs/8,000 hrs
Diesel Injection Pump*	Ruby Fieldmaster® and Ruby Fieldmaster B2® or Ruby Fieldmaster B5®	4 yrs/8,000 hrs
Diesel Injectors*	Ruby Fieldmaster® and Ruby Fieldmaster B2® or Ruby Fieldmaster B5®	4 yrs/4,000 hrs
Natural Gas/LP Engine	Irtiflex® or NCEO	3 yrs/7,000 hrs

*Cenex Total Protection Plan™ Warranty for these Components is available only through authorized Ruby Fieldmaster® Distributors.

Note: Operator must exclusively use both a lubricant product listed in the Covered Fluid column above and Ruby Fieldmaster® Premium Ag Diesel Fuel to be eligible for the TPP Warranty on Stationary Agricultural Equipment.

FORESTRY EQUIPMENT: FORWARDERS, SLASHERS, CHIPPERS, DELIMBERS, COLLECTORS AND CHOPPERS

Component	Covered Fluid	Warranty Term
Diesel Engine	Maxtron® DEO or Maxtron® Enviro-EDGE® and Cenex® branded transmission/hydraulic fluid (such as Maxtron® THF+, Qwikliff® HTB®, Indol Hydraulic Fluid or Hydrostatlic Fluid)	4 years/8,000 hours

Note: Operator must exclusively use both a Cenex branded lubricant product and a Cenex branded transmission/hydraulic fluid listed in the Covered Fluid column to be eligible for the TPP Warranty on Forestry Equipment

PARTS THAT ARE COVERED BY THIS WARRANTY

DIESEL ENGINE: Rocker arm shaft, cylinder liner, valve lifter, push rods, pistons, rings, wrist pins, connecting rod & crankshaft, camshaft & bearings, and timing gear.

DIESEL INJECTION PUMP: Metering valve, transfer pump, pressure regulator, distributor rotor, hydraulic head, delivery valve, cam ring, plungers, bearing and driveshaft.

TRANSMISSION, HYDRAULIC, FINAL DRIVE, DIFFERENTIAL/HUBS (Agricultural Equipment: 25+ HP Tractors and telehandlers only): Gears, shafts, bearings, wet clutches, oil-immersed wet brake and clutch facing, hydraulic pumps and valves.

HYDROSTAT (Agricultural Equipment: 25+ HP Tractors and Telehandlers only): Mechanical parts.

PARTS NOT COVERED BY THIS WARRANTY

DIESEL ENGINE: Cylinder head assembly, valves/valve guides, oil pump and oil cooler, engine block, oil seals, oil filters, turbocharger, non-lubricated parts.

DIESEL INJECTION SYSTEM: Fuel lines, filters.

TRANSMISSION, HYDRAULIC, FINAL DRIVE, DIFFERENTIAL/HUBS, HYDROSTAT (Agricultural Equipment: 25+ HP Tractors and telehandlers only): Auxiliary equipment.

OBLIGATIONS OF OPERATOR

1. Proper Fuel, Lubricants and Filters: Operator agrees to use the proper products approved by CHS, including Covered Fluids, filters and additives, exclusively in the Component covered by the Warranty. Operator agrees to contact the authorized dealer from which Operator purchases the applicable Covered Fluid or CHS for assistance and/or confirmation of product selection. Operator agrees to retain all receipts from purchases of Covered Fluids, filters and additives. Biodiesel conforming to the ASTM D 7571 provisional specification, may be used up to 5% in Ruby Fieldmaster® Premium Diesel. Use of any products not approved by CHS, other than factory fill, will void the Warranty, provided however, that Operator may lower the pour point of Ruby Fieldmaster® Premium Ag Diesel Fuel by adding No. 1 diesel fuel or kerosene. More than 50% dilution of Ruby Fieldmaster® Premium Ag Diesel Fuel with No. 1 diesel fuel or kerosene requires the addition of an approved additive at the recommended treat rate. Any and all diesel fuel storage tanks used to store Ruby Fieldmaster® Premium Ag Diesel Fuel must be equipped with a fuel filter approved by CHS.

2. Fluid Samples:

• For engines covered by the Warranty, Operator agrees to submit engine lubricant sample at the time of each original equipment manufacturer-recommended lubricant change, at the time of making a claim under the Warranty and at any time requested by CHS.

• For transmission/hydraulic/final drive and hydrostat Warranty coverage (25+ Horsepower Tractors and telehandlers only), Operator agrees to submit lubricant samples every 300 hours of service, but in any event, at least one time per year beginning on the first anniversary of the acquisition date of the equipment, at the time of making a claim under the Warranty and at any time requested by CHS. If the transmission and hydraulic are separate systems, then separate samples are needed.

• For differential/hubs Warranty coverage (25+ Horsepower Tractors and telehandlers only), Operator agrees to submit lubricant samples from each differential/hub (commonly four per tractor) one time per year beginning on the first anniversary of the acquisition date of the equipment, at the time of making a claim under the Warranty and at any time requested by CHS.

• For diesel injection pump/diesel injectors Warranty coverage, Operator agrees to submit fuel samples at the time of making a claim under the Warranty and at any time requested by CHS.

• Fluid sample kits are available for purchase from authorized dealers which sell Covered Fluids.

3. Maintenance: Operator agrees to have Components covered by the Warranty maintained in accordance with the original equipment manufacturer's recommendations and/or recommendations made in writing by CHS. Operator agrees to retain all receipts for maintenance.

4. Corrective Action: Operator agrees to take reasonable corrective action when requested by CHS. If corrective action involves more than minor repair or maintenance, Operator should contact the authorized dealer from which Operator purchases the applicable Covered Fluid. Operator agrees to retain all receipts for corrective action.

CLAIM PROCESS

In the event of failure, or signs of failure, of a Component covered by the Warranty, Operator agrees to notify the authorized distributor from which Operator purchases the applicable Covered Fluid immediately. A sample of the Covered Fluid must be sent to CHS. In no event shall such notification be made to the authorized distributor later than one (1) month following expiration of the Warranty Term. The authorized distributor shall notify CHS which must give Operator authorization prior to repair or replacement of the internal part or parts set forth above of such Component. Such repair will be at CHS' expense. If, in the exclusive judgment of CHS, the internal part or parts of such Component are unable to be repaired, such internal part or parts will be replaced at CHS' expense. All Warranty service must be performed at service centers approved by CHS. Any parts replaced must be retained by the service center for 90 days and must be made available to CHS upon request. After service has been completed, Operator must submit the invoice to CHS for payment. In the event Operator has any internal part or parts repaired or replaced without prior authorization by CHS, CHS reserves the right not to pay for such repair or replacement.

Operator hereby assigns to CHS the right to make a claim for breach of the equipment manufacturer's warranty, if applicable.

LIMITATIONS

CHS does not warrant (a) any product which is not a Covered Fluid, (b) failure of Component caused by or resulting from, directly or indirectly, use or storage of products other than products approved by CHS, including Covered Fluids, filters and additives, in Component or in fuel storage tank, (c) failure of Component caused by or resulting from, directly or indirectly, failure to use the Covered Fluid and/or equipment in a suitable environment, (d) failure of Component caused by or resulting from, directly or indirectly, lack of recommended maintenance of the Component or failure to take recommended corrective action or indirectly, use of the equipment for a purpose other than that for which it was designed, (f) failure of Component caused by or resulting from, directly or indirectly, disasters such as fire, flood, wind and lightning, (g) failure of Component caused by or resulting from, directly or indirectly, unauthorized or improper modification or repair of the Covered Fluid and/or Component, (h) failure of Component caused by or resulting from, directly or indirectly, presence of foreign material in Component, (i) failure of Component caused by or resulting from, directly or indirectly, any other abuse or misuse, or (j) nonagricultural use with respect to agricultural equipment. The Warranty does not cover equipment or tractors with less than 25 horsepower engines.

DISCLAIMER OF WARRANTY

THE FOREGOING WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

LIMITATION OF REMEDIES

As to remedies available to Operator for any and all losses or damages, including losses or damages arising from a claim of breach of warranty, breach of contract, negligence or strict liability, Operator's exclusive remedy shall be limited to the replacement value of the failed internal part or parts of the Component covered by this Warranty. UNDER NO CIRCUMSTANCES SHALL CHS BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES BASED UPON ANY LEGAL THEORY, INCLUDING BUT NOT LIMITED TO, LOST PROFITS, LOSS OF USE OF EQUIPMENT, COST OF ANY SUBSTITUTE EQUIPMENT, DOWNTIME, COST OF HAULING AND COST OF LODGING.

ENTIRE AGREEMENT, NO OTHER WARRANTIES

Unless modified in a writing signed by both parties, the Warranty, together with the Application and Agreement and the Approval, is understood to be the complete and exclusive agreement between the parties, superseding all prior agreements, oral or written, and all other communications between CHS and Operator, relating to the subject matter of the Warranty. No employee of CHS or any other party is authorized to make any warranties in addition to that made herein.

TRANSFER OF WARRANTY

The Warranty on Agricultural Equipment or Forestry Equipment may be transferred by Operator during the Warranty Term to a subsequent party who meets the requirements of an Operator (a "Transferee") for the remainder of the Warranty Term so long as Operator has complied with its obligations under the Application and Agreement and there is at least 6 months left in the Warranty Term. A Transferee of eligible Agricultural Equipment or Forestry Equipment that desires to obtain a transfer of the TPP Warranty on a Component(s) of such Agricultural Equipment or Forestry Equipment must submit a Warranty Transfer Request and Agreement of Responsibility (the "Transfer and Agreement") to a dealer authorized by CHS from which Transferee purchases the applicable Covered Fluids within thirty (30) days of Transferee's acquisition of equipment already covered by the TPP Warranty. Upon its receipt of a Transferee's submitted Transfer and Agreement, CHS will review the Transfer and Agreement. If CHS approves, CHS will return to the Transferee written notice of approval (the "Transfer Approval"). Upon approval in writing of such Transfer and Agreement by CHS (as shown by return of the Transfer Approval to Transferee), the Transferee becomes an Operator for purposes of the remaining term of this Warranty. The Warranty on Stationary Agricultural Equipment is not transferable.

Operator hereby acknowledges that it has read and understands the terms of the Cenex Total Protection Plan New Equipment Warranty and this Application and Agreement. Operator hereby certifies that the date of manufacture and hours of service of the equipment set forth on the Application are correct. Operator hereby agrees to adhere to the terms of this Application and Agreement and understands that failure to do so will invalidate the Warranty.

Roger L. Van Vail

Date

WHEN YOU NEED TO KEEP WORKING, YOU NEED THE CENEX TOTAL PROTECTION PLAN® WARRANTY.

CHS will pay costs, including installation and labor, to repair or replace faulty parts that fail during normal use.

DIESEL ENGINE

Coverage limited to the internal lubricated parts.

Not Covered: Cylinder head assembly, valves/valve guides, oil pump and oil cooler, engine block, oil seals, oil filters, turbocharger and non-lubricated parts.

DIESEL FUEL INJECTION PUMP AND INJECTORS

Not Covered: Fuel line and filters

Illustrations of covered parts.

TRANSMISSION/HYDRAULIC/FINAL DIFFERENTIAL/HUBS

Not Covered: Auxiliary equipment

Illustration of covered parts.

THE PLAN IS SIMPLE. ALL YOU HAVE TO DO IS:

Request a warranty application form from an authorized dealer; submit completed form with enrollment fee.

Perform regular maintenance procedures.

Submit a used fluid sample from each oil change or drain according to your warranty agreement. (In return, you'll receive a LubeScan® report that will help you perform timely maintenance to avoid downtime.)

Use Cenex products exclusively.

Retain proof of purchase for all Cenex products.

Avoid actions that would void coverage, such as abuse or unauthorized product use.

For great coverage and a great value, ask your dealer about the Cenex Total Protection Plan® Warranty today.

Visit cenex.com/tpp for a list of distributors or to access complete details on warranty coverage.

Contact the Customer Service Line at 1-866-863-0827.

BioMax™ is a trademark and Cenex Total Protection Plan®, Enviro-EDGE®, LubeScan®, Ruby Fieldmaster®, Ruby Fieldmaster B2®, Ruby Fieldmaster B5®, Maxtron®, Superlube TMS®, Superlube 518®, Qwiklift® HTB®, and Irriflex® are registered trademarks of CHS.

PROTECTION + PERFORMANCE = PEACE OF MIND

Consider protecting all your equipment with the Cenex Total Protection Plan[®]. It's a small investment to make in exchange for valuable coverage and peace of mind. You get unsurpassed coverage while helping to ensure that only high-quality energy products go into your equipment.

Think of it as a no-fault insurance policy — one that helps keep you in the fields when you need to be there. There's no deductible, which can really pay off and help keep things moving during crunch times like planting and harvest.

When you use Ruby Fieldmaster[®] Premium Diesel fuels and Cenex[®] lubricants exclusively, you get up to 10 years or 10,000 hours of engine and transmission coverage. You also have the option of exclusively using Maxtron[®] lubricants — with any fuel you choose — for the same great coverage.

Whether you buy new or used equipment, you simply won't find a better way to protect your investment.

WHAT MAKES THIS THE BEST WARRANTY IN THE INDUSTRY?

Covers new equipment for up to 10 years or 10,000 hours and used equipment for up to 8 years or 8,000 hours

Covers a wide variety of equipment

Extends protection above and beyond your equipment manufacturer's warranty

Has no deductible

Includes periodic maintenance reminders to help keep your equipment in top condition

Helps avoid downtime through LubeScan[®] fluid sample report that provides insight into internal equipment condition

Transfers to purchasers of your equipment

Provides all this protection for just \$299 (new equipment) or \$399 (used equipment)

Includes periodic money saving coupons for Cenex Product
