AUCTIONEER'S NOTE: Richard Fordyce is a 4th generation farmer who served as the Missouri Director of Agriculture from 2013 to 2017. He was recently appointed as the Administrator of the Farm Service Agency (FSA) within the United States Department of Agriculture (USDA) in Washington, D.C. Because of this new role in Washington, D.C. Richard, and his wife, Renee, have decided to downsize their family's farming operation to allow him more time to focus on the ag industry as a whole. Steffes Group is honored to be working with the Fordyce family. We look forward to offering this line of quality and well cared for equipment at auction.
