

Little Missouri Grazing Association
201 Inman Street
Amidon, ND 58620

Request

To the Little Missouri Grazing Association;

I/We, _____ hereby request the grazing privileges and membership which are associated with LMGA allotment # **090** which currently carries a preference of **200** animal units for **1.5** months. I/we now control the private base property of this allotment legally described **Sec 27-133N-103W & Sec 35-133N-103W**

due to a (lease/purchase) _____ from _____

I/We recognize the statements in the LMGA Rules of Management pages 13 j and 22 A. as seen below:

(j). The Base Property as determined by the base property study completed September 5, 1989, as amended from time to time, will stand as the basis for all permits allocations. All grazing privileges are attached to the base property, leased or owned. Commensurability requirements must be met as well as all other rules and regulations governing the requirements for obtaining and granting of grazing permits.

A. HISTORICAL ATTACHMENT

The grazing permit must have been historically attached to commensurate base property which is under association control. Control means that the association will annually monitor use of the base property to assure that stocking rates and overall management maintains commensurability and provides for development and retention of healthy range conditions which demonstrate good grassland agriculture. This control must be acknowledged by working in the lease.

I/We acknowledge that I/we meet the qualifications set forth in the LMGA Rules of Management, page 9 as follows:

QUALIFIED APPLICANTS

A qualified applicant shall mean any citizen of the United States or any person who has filed a declaration of intention to become a citizen of the United States, any group, association, or corporation, whose members meet the preceding citizenship requirements and which is authorized to do business in the State of North Dakota, providing he, she or it is engaged in the raising of livestock, for all purposes of these rules, the term livestock shall mean cattle, horses, and sheep. An applicant must own or lease land within or adjacent to the boundaries of the Association within the counties involved and depend upon the base ranch, association-controlled lands, and the permitted livestock as an integral part of his livelihood. An applicant must own or lease base property to which certain specific grazing privileges are allocated.
